Dual Enrolled Dual Credit

School authorities can partner with eligible post-secondary institutions (PSIs) to offer dual enrolled dual credit courses that address student interests and/or community needs. This partnership requires a memorandum of understanding (MOU) between the school authority and post-secondary institution. School authorities must have dual enrolled dual credit courses authorized by Alberta Education prior to their use with students. The authorization process requires the submission of the Dual Credit Course Code Application, the MOU, and the post-secondary course syllabus to Alberta Education. See the [Guide to Education](#) for requirements for offering a dual enrolled dual credit course.

Registered Apprenticeship Program

The Registered Apprenticeship Program (RAP) provides senior high school students, with the support of a certificated teacher, the opportunity to earn credits in high school and gain on-the-job training that can be applied toward their apprenticeship education program.

Requirements

- 15 years of age or older;
- high school student;
- paid at least minimum wage;
- complete Education's HCS3000: Workplace Safety Systems course;
- register online through MyTradesecrets, managed by Apprenticeship and Industry Training;
- find a sponsor (e.g., employer); and
- receive a Record Book from Advanced Education to track / report on-the-job training hours.

Complete details about becoming an apprentice can be found at www.tradesecrets.gov.ab.ca.

School authorities intending to offer this program should refer to the [Off-campus Education Handbook](#) for further information.

Locally Developed Courses

Senior high school locally developed courses must be submitted to Alberta Education and require approval by the Minister. School authorities must locally approve locally developed courses for use in their schools by a resolution or a motion of the board of a school authority or governing body of a private school prior to offering the locally developed courses.

Prerequisite courses are indicated by their linear arrangement across the page and are also identified in each locally developed course. Course credits are shown in parentheses.

The course challenge process does not apply to locally developed courses, except second language courses. A list of withdrawn courses and programs appears at the end of the document.

Yoga Yoga and Yoga Fitness are equivalent courses. Equivalent courses mean that credits may only be earned in one of the courses at the same grade level. For example, a student can only earn credits for Yoga 15 or for Yoga Fitness 15, <u>not</u> for both courses. Equivalent courses also meet the same prerequisite requirements. That is, Yoga 15 is an acceptable prerequisite to Yoga Fitness 25, and Yoga Fitness 15 is an acceptable prerequisite to Yoga 25.

Religious Studies								
Religious Studies: Roman Catholic and Religious Studies: Ukrainian Catholic are equivalent courses. Equivalent courses mean that credits may only be earned in one of the courses at the same grade level. For example, a student can only earn credits for Religious Studies: Roman Catholic 15 or for Religious Studies: Ukrainian Catholic 15, <u>not</u> for both courses.

External Learning Opportunities

Students can only earn high school credits when they complete an external course and receive a credential from the organization that provided it. They cannot earn credit just for writing an external exam such as the Alberta Class 5 Road Test or the Diplôme d'Études en Langue Française.

See the Guide to Education for requirements.
